WELCOME BACK!

Boy have we missed all of you!

On March 15, 2020 something happened that changed the world. Covid hit, businesses and schools had to close their doors, entertainment venues went dark and touring shows around the world were cancelled. We thought it would be brief, but never 2 years. The Heider Center was one of those venues that had to close its doors and remain closed for nearly 24 months without a single event taking place on our stage. It was truly a dark time in our history, and one that we hope to never have to go through again.

Today we are pleased to say we have reopened our doors, SAFELY, and are now starting to invite schools back into our facility to take part in our wonderful Educational Programming again. We are starting back slowly, with only 2 shows for next year, as we build the funds needed to bring more of these great shows into our space. We will get there, and can't wait to have a full line up in the next few seasons to come.

Thank you for your continued support!
